COST ES1404 Gap analysis

Dear COST ES1404 HARMOSNOW Participant!

In order for us to better understand what you -as a participant- have gained during the meetings, workshops, conferences, schools and short-term scientific missions organized by the COST ES1404 HARMOSNOW Action (Action in the following) and by being part of the Action itself, we would like to ask you to fill out this short questionnaire! We will use the results in the final report of the Action.

* Required

	ch stage of your career are you at? * only one oval.
	Tenure research position or equal
	Postdoctoral researcher or equal
) PhD student
	MSc student
) BSc student
	Observer
	Technician
	Other:
the fo	a, Luxembourg, Malta, Montenegro, Poland, Portugal, Romania, Slovenia, Slovakia ormer Yugoslav Republic of Macedonia, Republic of Serbia and Turkey)? * only one oval. Yes No
	t is your main field of work related to snow? *
Mark	only one oval.
) Climate research
) Hydrology
	Weather prediction
	Avalanche science
	Other:

	ck all that apply.							
	Danielania a assalala							
	Developing models							
	Applying/using models	3						
	Field measurements							
	Laboratory measurem	ents						
	Remote sensing							
	Other:							
5. How	a Short Term S important was the Saconly one oval.							
			1	2	3	4	5	
С	ould have easily done i	t without it as well						Very important

If you think you haven't gained/achieved or benefited anything through the STSM, please explain why do you think this happened!
Would you have done the work you did during the STSM without the funding received from the Action? Mark only one oval.
Yes
No
Maybe
If not, why not? (e.g. financial reasons, lack
of opportunity, lack of contacts, etc.)
If you wrote or plan on writing a paper/report/poster based on the research or collaboration built during the STSM, what is it/will it be about? If already published, please give references! If not yet published, please just briefly describe the topic.
