

Date	Time	Activity	Notice
14 Feb	All day	Transport	Different transport modes to Tale, check in, dinner meeting
15 Feb	9-13	Snow cover measurement Chopok south	
	13-14	Lunch	Hotel Stupka
	14-19	Internal workshop	Hotel Stupka
	19	Dinner	Hotel Stupka
16 Feb	9-13	Excursion to the met. station at Chopok, snow cover measurement Chopok north.	Transport from Tale to top of Chopok and to Jasna by a cableway. In case of bad weather by car. (The baggage will be transported by car, anyway).
	13-14	Check in	Hotel Repiska
	14-15	Lunch	Hotel Repiska
	15-19	Internal workshop	Hotel Repiska
	19	Dinner	Hotel Repiska
17 Feb	All day	Transport	Different transport modes either home or to Bratislava

Presentations

15 Feb	Ali Nadir Arslan	
	Kateřina Hruřková	Snow profile measurements and their use in operative hydrology
	Ladislav Holko	Snow hydrology research in Slovakia.
	Maria Derkova	Snow links to (numerical) weather forecasting and nowcasting at SHMU
	B.Chvila	Snow and snow cover measurements in SHMI network and the use of data
	Pavla Dagsson	Spectral reflectance measurements of absorbing impurities on snow
16 Feb	Marek Biskupiř	Snow measurement for operational avalanche forecasting in Slovakia.
	Martin Bartík	Effect of forest stand damage on the hydrophysical properties of snow cover in mountainous spruce forests Zapadne Tatry Mts.
	Jana řkavareninová/P.Nejedlik	Influence of snow cover on the spring phenological phases of European hazel in Central Slovakia
	Anna Seres	AvalMap - a snowpack and avalanche hazard model for Chopok.
	Michal Mikloř (TU ZV)	Comparison of physical characteristics of artificial and natural snow cover
	Miriam Hanzelová (TU ZV)	Microorganisms of snow cover in high mountains of Slovakia
